

Femia Photography

978-761-0989

Marianne Gallagher has been a professional photographer for 26 years. She received her first camera at the age of ten and since then her passion for photography has continued to grow. Marianne graduated from the New England School of Photography in 1993 with a dual diploma in portrait and color management. Upon her graduation she began working for Pendleton Photography in Billerica Mass. While at Pendleton Marianne photographed over 70 weddings a year as well as numerous events and portraits. During her employment at Pendleton, Marianne served as a contracted photographer for the Country Club of Billerica photographing weddings as well as high school seniors at Billerica High School, Lowell High School, Greater Lowell Voke, Academy of Notre Dame (Tyngsboro) and Lowell Catholic.

Marianne believes that children are better receptive when photographed in their own environment. She often travels to customer's homes so that children are relaxed and happier in their photographs. Please feel free to browse Marianne's gallery and call for an appointment today.
