

PROFORMANCE SOCCER ACADEMY

PROformance Soccer is the leading soccer training organization in Massachusetts, providing supplemental training that will improve your soccer faster than any other organization!

WINTER SOCCER IN BILLERICA

PROformance Soccer is returning to run our winter training at the Billerica Boys & Girls Club on Saturdays this winter. Last winter's Billerica training was attended by over 90 players! Our winter training is led by top local coaches and current professional players, including NE Revolution player Shalrie Joseph. The winter is our most popular season, players over the course of 8 weeks will go through a training progression that will greatly improve their skills. Groups will be limited to 18 players. Our winter training provides the perfect setting to improve and learn new skills, and will consist of both skill drills and games. There will be a heavy emphasis placed on footwork, passing, and shooting. Our FUN instructional programs are designed for players of all abilities, benefiting novice to elite level players. The key to soccer development at any level is to build muscle memory of core soccer movements, our training system correctly teach this! Come improve this winter at our action packed program!

Billerica's program will include both regular ball and futsal components.
