

2016 Middlesex Soccer Academy

Summer Soccer Programs

What: The Middlesex Soccer Academy is offering 2 different programs over the summer. One program will be every Monday and Thursday beginning in late June and running through the beginning of August. The second program will be a 5-day camp to help prepare for the demands of the high school season. The training sessions are comprised of skills training, small-sided and full field games, and conditioning.

Each session will help maximize player development by using repetition of key techniques that form the building blocks of all developing soccer players, while preparing them to compete at the high school level. Sessions will focus on conditioning and improving individual skills, including dribbling, moves, change of direction, passing, receiving, and shooting. The clinic will be run by coaches and former players from the Burlington and Bedford High School Soccer Programs.
