CAMP S

Over the past 30 years, the **SoccerPlus Camp** program has established a rich tradition of excellence and success, guiding countless players to Men's and Women's Professional and Collegiate Soccer Programs. Created by former US Women's National Team Coach, Tony DiCicco, the SoccerPlus Camp is an intense and rewarding week of training that features many of the practices used with National Team players!

SoccerPlus will include our famous **Goalkeeper School**, **FieldPlayer Academy** and **Team Training** programs — guaranteeing you or your team an edge going into your new season. Our **College Referral Network** has linked countless student-athletes with college coaches and is available for any high school aged camper.

SoccerPlus will offer camps at these New England sites:
