

CHALLENGER SOCCER ACADEMY

Niamh Cunningham

Coaching Background:

I have been coaching for just over 5 years, in that time I have coached a wide range of ages and abilities. I began coaching after school clubs in local primary schools.

In 2016 I was given the opportunity to come out to New England with Challenger Sport as a summer coach. I got to travel around the majority of the states that make up New England and coach a wide range of players.

2017, I returned to New England for summer, and was then given the chance to go over to California to work for Mill Valley Soccer Club in the Fall season.

In 2018, I again returned to New England for the summer, and decided to remain for the Fall season where I worked with Massachusetts Youth Soccer, mainly being based in Belmont and Medway.

Playing Background:

I began playing at a young age with a local soccer club whilst living in Malaysia. I started out playing in midfield but soon moved to play in defense. As we were the only girls team in the area, we did not have many soccer games, so I also joined my school team, which allowed me to compete across South East Asia.
