Lay out

Hole #1 Tee box is just past the playground. Straight shot to the hole.

Hole #2 Tee box a little past hole 1. Kick towards the fence. It's a dogleg right.

Hole #3 Tee box by fence. Place cone or flag on the solid circle labeled "flag". The ball has to stay to the left of the cone/flag before approaching the hole.

Hole #4 Chip shot over the goal. If players aren't able to chip it over you can let them go around.

Hole #5 Long shot. Hole is done by the fence.

Hole #6 Place cone or flag at the solid dot again. Ball must go to the left of the cone/flag before approaching the hole.

Hole #7 The hole is up the hill between the trees. It will be a challenge to get the ball to stay in the hole.

Hole #8 Chip shot over the goal. If players aren't able to chip it over you can let them go around.

Hole #9 The hole is down the hill by the playground. Best chance for a hole in one!

Keep it fun. You can add silly challenges to holes if you like. If a team practice interferes with a hole just skip that hole.
