2012 YOUTH SOCCER PARTNERSHIP PROGRAM

OVERVIEW

2012 will mark the 5th year of the New England Revolution Youth Soccer Partnership. The goal of the program is to find and cultivate unique, meaningful, impactful Partnerships between Professional Soccer and Youth Soccer in New England.

The Partnership is primarily focused on the benefits that soccer associations can enjoy through giving their membership access to watching professional soccer, but also uses unique events, player access, merchandise, and more to give back to the New England Soccer Community.
