

New England Revolution Academy – Academy Teams

EDUCATE – CONNECT – INSPIRE

ACADEMY TEAM OVERVIEW

The Academy Program was founded in the Fall of 2010 on one principle; to develop committed players who have the tools necessary to prosper at each level.

The Academy offers each player a cutting edge professional curriculum and professional coaching, designed to develop the individual player at each age level in a positive and creative soccer environment.

The Academy focus is on developing young players to enable them to reach the next level, rather than a focus on winning and the score line. The driving philosophy of the Academy is to place the players first, not the team record or results. The goal will be to give the players the necessary 'toolkit', including skills, tactical awareness and mental focus, in order for success and progression.

Academy Teams are formed after try-outs and teams practice twice weekly in the Fall and Spring, with games at weekends in a competitive league. Tournaments may also be included.

Academy Benefits

- Dedicated professional Revolution Academy Coach
- Comprehensive age appropriate curriculum
- Two training sessions per week
- One competitive game per week (most likely NSL)
- Additional Tournament and Jamboree events
- Game Evaluations - goals and reviews
- Statistics tracking (if necessary)
- Classroom sessions – Tactical awareness and game review
- Formal meetings at the beginning and end of the season
- Player Evaluations
