

PROFORMANCE SOCCER ACADEMY

Proformance Soccer is the leading soccer training organization in Massachusetts, providing supplemental training that will improve your soccer faster than any other organization!

WINTER SOCCER IN STONEHAM

Proformance Soccer is running winter soccer training at the Greater Boston Academy (108 Pond Street, Stoneham) on Tuesdays and Thursdays this winter. Proformance Soccer is a player development focused training organization that runs FUN action packed programs.

Last winter was our 6th year in Stoneham and it was attended by over 160 players. Our winter training is led by top local coaches, with appearances by professional players. The winter is our most popular season, players over the course of 8 weeks will go through a training progression that will greatly improve their skills. Groups will be limited to 17 players. Our winter soccer provides the perfect setting to learn, and will consist of both skill drills and futsal game play. There will be a heavy emphasis placed on dribbling, passing, and shooting. The key to soccer development at any level is to build muscle memory of core soccer movements, our training system correctly teaches this. Come improve this winter!

Session 1: November 28th thru January 25th

See website for specific dates

Session 2: January 30th thru March 29th

See website for specific dates
