YOUTH SOCCER LEAGUES

Don't lose your touch during the off months! While a little different from the traditional outdoor game, our leagues provide a great way for players to stay in shape and sharpen their skills in the "off season". All games are played on our fast-paced, indoor boarded fields guaranteeing all players will get plenty of touches. TEAMWORKS prides itself in providing competitive, fun, and well organized leagues. We do our best to provide competitive parity with varying divisions making sure teams are where they belong. All games are provided with certified, quality refereeing and timekeepers to make sure only rostered players participate. We do our best to work with varying schedule conflicts to make sure all games are played and limit forfeits as much as possible.

Leagues are offered for all ages (U8, U10, U12, U14, U16, U19, as well as High School COED). Most leagues offer a division 1, 2, and 3 to best place teams for best competition. The divisions will be divided up by our league director after the first weekend of games.
