

Wakefield United Spring **Information**

Wakefield United will begin their spring season in the late-March or early-April timeframe.

Teams will attend a pre-season tournament before the regular season kicks off in April. Once the 8-week season begins, each team will have 2 practices a week, along with a game on a Sunday.

Each team will be coached by either a New England Revolution Coach or WSA Director of Coaching Michael Caine.

Players will be coached in a professional atmosphere using the in-town facilities available to the residents of Wakefield.

Players will experience coaching techniques that develop individual technical skills, along with developing knowledge of the game in various areas from positional development to tactical understanding.

We hope that all the players will enjoy the opportunity to be part of a new, more competitive program.

The fee for the spring season is \$350. Included in the price is the following:

- 2 practices and 1 game per week - under the guidance of a professional coach
- 1 preseason tournament
- Partial Uniform.

If you have further questions regarding the spring season or tryouts, please feel free to contact Michael Caine, WSA'S DOC, at doc@wakefieldsoccer.org
