The guiding principal of the fundraising efforts for the **Boudreau Memorial Fund** is to be able to support children's charities to honor the memory of **Andrew and Michael Boudreau**.

Charities supported in the past in memory of Andrew have included creating playgrounds, Make-A-Wish Foundation, building a school in Sri Lanka, The Smile Train, Juvenile Diabetes Research Foundation and The Scholarship Foundation of Wakefield.

This year, the majority of the proceeds of the event will go towards the continued funding of the **Michael Boudreau Global Cardiac Education Fund**. The purpose of this fund has been to create a legacy in Michael's honor at Children's Hospital of Boston in pediatric cardiology. Michael's dream in life was to be able to help children by becoming a pediatric surgical cardiologist, so we feel that contributing to this fund would be a great testimonial to our son.
