Certificates

If you have available certificates, click on the image to upload or view a file.

If you are under the age of 18, parents should check with the coach.

SafeSport Training:

Make sure to create your SafeSport account listing U.S. Soccer as your organization.

There is no need to upload your certificate of completion; all training is tracked through the system.

Your account should be automatically updated to show your completed training within 24 hours.

If you took the training in 2020, you can upload that Certificate of Completion for your orgs Risk Manager to approve/verify.

If you already have a SafeSport account listing U.S. Soccer as your NGB, click on the link below, click cancel on that next landing page and go to the SIGN IN link at the top of the page.

SafeSport Training Link and Access Code:

Copy this Access Code prior to clicking on the link below: YC3E-6P5G-YYIL-CS2M

SafeSport Site Link: <https://safesport.org/authentication/register?token=ee57337f-31f9-421d-b095-82fc8c8c4c41>

Centers of Disease Control (CDC) Training Information:

As of March 1, 2020, you are unable to use your log in information from last year's course. The course is being administered in a new system called CDC TRAIN; all adults that registered prior to March 1st, will need to establish a new account with a new login and password to access the HEADS UP Youth Sports Training.

The link below will show everyone how to create an account through CDC Train and provide them the link to take the training or login, if the adult already has an active account.

Once training is completed, you are required to return to this Certificate tab and upload the CDC Certificate of Completion.

If training was completed June 1st, 2019 or later, you are approved for the Fall 2020 - Spring 2021 registration year.
